BACKACHE IS DISCOURAGING

But Not So Bad If You Know How to Reach the Cause.

Nothing more discouraging than a constant backache. Lame when you awaken, pains pierce you when you bend or lift. It's hard to work or to rest. Backache often indicates bad kidneys. Norway people recommend Doan's Pills. Read this case.

Mrs. G. D. Frost, 6 Tucker St., says: "Doan's Pills helped me wonderfully and I take pleasure in recommending them. My back gave me trouble and there seemed to be a deep seated pain across the center of my back. My kidneys didn't act regularly and in other ways showed signs of disorder. As Doan's Pills had been used in the family with good results, I decided to try them and sent to Noyes Drug Store and got a box. After using them, the trouble left me entirely."

SANFORD'S Beauvais Rugs

The whole beauty of your room is based upon the kind of rug you select.

The Sanford Beauvais rug is a high grade Axminster, clear and rich in coloring. Reds, Browns, etc. for your room with the northern exposure. Taupes, Grays and Blues for the room with the sun-flooded windows.

These rugs were bought just a few weeks ago and the prices are lower.

Grit is the rug's worst enemy. It is wise to use a good vacuum cleaner. Agents for the "Regina."

Cuts Better Lasts Longer

You will appreciate the John Deere Mower the moment you see it in action. You will notice particularly its simplicity, its great cutting power and the ease with which it is handled. These advantages, combined with the extra years of service it gives, makes the John Deere a mighty profitable mower investment.

JOHN DEERE MOWER The Mower with the Balanced Gears

The driving gears on the John Deere are balanced—one set offsets the thrust of the other set. This eliminates side wear and strain. This mower transmits maximum power to the high grade carefully-fitted knife—that's why the John Deere does a better job of cutting and pulls lighter.

The flexibility of the cutter bar on the John Deere fits it for use in rough, uneven fields or for weed-cutting on roadsides—this feature you will like.

SIZES: John Deere No. 1 regular frame mower—3-1/2, 4-1/2 and 6-ft. cut. John Deere No. 2 big frame mower for severe cutting and field conditions—4-1/2, 6 and 7-ft. cut.

Another feature—if after years of use, jag develops in the cutter bar, this can be taken out—the bar is aligned by a simple eccentric adjustment. The John Deere handles easily. The bar can be raised high with the foot lever to pass over ordinary obstructions. With the hand lever an extremely high lift can be secured quickly and easily. It's no job to keep the John Deere in good running order. All parts are easily replaced; adjustments are a breeze.

Be sure to see this mower before you buy. It's the best mower we have ever seen.

HISTORY OF A HAND PRESS

Served Forty-two Years in Advertiser Office I am an old Washington hand press, a relic of other days and have just been removed from the Advertiser office after forty-two years of continuous service. One day in June 1882, my new owner, Fred W. Sanborn, came to me as I lay in a crippled condition at the Farmington, N. H. depot, having purchased me of my former owner, C. O. Lord, of Somersworth, N. H., for the big sum of \$100. From here I was taken to the Norway, Oxford County Me., Advertiser office at the time of my purchase. I was first introduced to a new crew. First to come to my rescue here was Simeon Drake as master of ceremonies. He was the father of Dr. Fred E. Drake of Norway, the tooth puller. Ephraim H. Brown was the mechanical expert who set my joints while George Merrill, father of Clarence, was the master mechanic who gave me a new life. After a short time I was in good working trim and from June 1882 until the next spring I printed the Norway Advertiser, one by one. A sheet of newspaper was placed over the form and one of those mighty mules pulled the lever and after three and a half hours of work 300 papers were sent out into the world recording the weekly happenings of the people of the community.

At this time working with me besides Simeon Drake and Ephraim Brown were Anna Bennett and Elsie A. Faver and Mr. and Mrs. W. W. Sanborn, the owners of the plant. Simeon Drake on January 1st, 1883 sold out his interests to Mr. Sanborn but he used to call in and see me frequently until he died in 1907. Miss Anna Bennett, chief hand compositor, labored with us many years until illness caused her to give up work. She was a sister of Mrs. Ella Noyes, the wife of Frank H. Noyes. She died about ten years ago. There were only two compositors and the other one was Miss Elsie A. Faver, the daughter of James Madison Faver, and sister of James N. Faver, proprietor of the Turkey Harness Store. Miss Faver stayed with me until about 18 years ago when she went to Massachusetts to care for her brother's family. She has now returned to Norway and joined the ranks of hand compositors at the Democrat office, South Paris, where she is an expert at plying the letters, quads and galleys.

Mr. Laura Sanborn in those days learned to be a "printer" and became very proficient and managed the office and edited the paper and did a large amount of work. She attended to her work faithfully through all the years until on a morning in February, 1923, she passed out not to return. Mr. Sanborn, the owner, has labored diligently to build up the Advertiser and aside from his summer fishing trips is still found at his desk in the front shop, the only one present today who was here when I was first put to work.

The length of time I reigned supreme was short for in 1883 it became fashionable to print papers by power and so I gave over my regular duties to a Country Campbell run by steam, but I was given a place at one side to be used as a hand proof press but still kept a place in the printing force. The Country Campbell stayed with us until 1895 when it was replaced by a C. B. Cottrell Drum Cylinder which was run by electricity and kept in service until the afternoon of June 19, 1924 at 4.30 when they went for it and tore it all to pieces and shipped it off to the place where it came a new Revolution. Whitlock Seven Column Quarto but with it came an army of men to put it together. The boss man on the job of assembling was James F. Wheeler of Boston, commonly called "Jim" and he was assisted by Ernest C. Smith, Prince W. Steward, Walker C. Smith, Edwin Busch, Lee Holt, Carpenter William F. Hall came to shore up the floor and see that we all did not fall through to the basement. Then came L. H. Cushman's crew including Raymond Damon, Phineas Curtis and George Hall, and the men of the large ad. truck, Howard Young, Philbrick, Woodworth, and Ernest Noyes, the electricians; Timothy Heath, and crew including Clarence Merrill, son of George previously mentioned, Victor Mattor and Charles Whitman with the cement mixer were called into play to extend the cement foundation. Some of the different proceedings than the day in June 1882 when I was set up by Sim Drake, Eph Brown and George Merrill.

I must go back and tell you of a few others who have been my co-workers. Once it was in vogue to have apprentices and among them came E. M. Morrell of Poland, who is now living in Boston, Sadell West of West Sumner, is now dead, Harry S. Skillings of Otisfield has since died in St. Louis, Reuben K. Eastman of Paris, D. Cromett Clark of Buckfield is now in Somerville, Mass. and is a writer for newspapers, Nye Gilbert of Norway, Arthur Hale of Poland, Hart of Gloucester, Mass., is working at his trade in Boston, Mass., Ernest Brown of Boston, Mass., Walter Christensen of Gloucester, Mass., and Lawrence Cogswell of New Hampton, N. H., at last in counts was working in Concord, N. H. In those days boys do not care to learn a trade hence lots of bother and trouble has been eliminated.

As for the hand compositors they have been many during my stay. Aside from Miss Bennett and Miss Faver came Miss Fanny Crockett who captured the heart of the foreman, Mr. Roberts, and they are now located in Wolfeboro, N. H., in the printing business along with farming. Maude Partridge of Norway Lake was another who allowed Dan Cupid to play and she won to herself the next foreman, Ernest C. Smith, who is still the foreman and at the present time one of their sons, Clayton, is working in the office and his father as sons do. Mrs. Jennie Pinkham married Dr. Sam Thomes of Portland.

Miss Lottie Dunn married Asa Bartlett. Mrs. Bertha Sturtevant of Norway joined the ranks and worked for a term of years, leaving to go to Canton with her daughter and soon after her return to Norway became the wife of Frank H. Noyes of Norway and resides on Crescent St. Hortense Gates worked several years; she married Chester P. Gates and lives on Deering St., Norway. Mrs. Lottie Crane of Norway Lake came back and forth from Frost Corner for a number of years until the end of type setting by hand arrived. Among others was Alta Pottle of Norway, who married Walter Daniel and lives in Rockland, Me. Weatherbee, who married Harold Woodward, another employee, and later moved to Claremont, N. H., where she died about two years ago leaving one daughter, Caroline. Zula McAllister worked for a time; she married Mickey Welch but now lives in Lewiston.

At this time working with me besides Simeon Drake and Ephraim Brown were Anna Bennett and Elsie A. Faver and Mr. and Mrs. W. W. Sanborn, the owners of the plant. Simeon Drake on January 1st, 1883 sold out his interests to Mr. Sanborn but he used to call in and see me frequently until he died in 1907. Miss Anna Bennett, chief hand compositor, labored with us many years until illness caused her to give up work. She was a sister of Mrs. Ella Noyes, the wife of Frank H. Noyes. She died about ten years ago. There were only two compositors and the other one was Miss Elsie A. Faver, the daughter of James Madison Faver, and sister of James N. Faver, proprietor of the Turkey Harness Store. Miss Faver stayed with me until about 18 years ago when she went to Massachusetts to care for her brother's family. She has now returned to Norway and joined the ranks of hand compositors at the Democrat office, South Paris, where she is an expert at plying the letters, quads and galleys.

Mr. Laura Sanborn in those days learned to be a "printer" and became very proficient and managed the office and edited the paper and did a large amount of work. She attended to her work faithfully through all the years until on a morning in February, 1923, she passed out not to return. Mr. Sanborn, the owner, has labored diligently to build up the Advertiser and aside from his summer fishing trips is still found at his desk in the front shop, the only one present today who was here when I was first put to work.

The length of time I reigned supreme was short for in 1883 it became fashionable to print papers by power and so I gave over my regular duties to a Country Campbell run by steam, but I was given a place at one side to be used as a hand proof press but still kept a place in the printing force. The Country Campbell stayed with us until 1895 when it was replaced by a C. B. Cottrell Drum Cylinder which was run by electricity and kept in service until the afternoon of June 19, 1924 at 4.30 when they went for it and tore it all to pieces and shipped it off to the place where it came a new Revolution. Whitlock Seven Column Quarto but with it came an army of men to put it together. The boss man on the job of assembling was James F. Wheeler of Boston, commonly called "Jim" and he was assisted by Ernest C. Smith, Prince W. Steward, Walker C. Smith, Edwin Busch, Lee Holt, Carpenter William F. Hall came to shore up the floor and see that we all did not fall through to the basement. Then came L. H. Cushman's crew including Raymond Damon, Phineas Curtis and George Hall, and the men of the large ad. truck, Howard Young, Philbrick, Woodworth, and Ernest Noyes, the electricians; Timothy Heath, and crew including Clarence Merrill, son of George previously mentioned, Victor Mattor and Charles Whitman with the cement mixer were called into play to extend the cement foundation. Some of the different proceedings than the day in June 1882 when I was set up by Sim Drake, Eph Brown and George Merrill.

Mr. Sanborn, the owner, has labored diligently to build up the Advertiser and aside from his summer fishing trips is still found at his desk in the front shop, the only one present today who was here when I was first put to work.

A day came in May 1912 when two Mergenthaler Linotype machines came into use and thus ended the career of hand setting type as far as the Advertiser learned to run the machines, Leah Weatherbee and Mrs. Bertha Sturtevant. As time moved on others have learned: Ethel Walker, Hortense Gates, Mrs. Fay Everett, wife of Philip Everett, Dorothy Truman, Elinor Saunders of South Waterford, wife of Dan Mattor of Whitman St., Clara Harwood and Mrs. Leola Morrison of Norway Lake.

During the past ten years two general all round men have been with us. Jewellly Cummings known as "Pat," who died three years ago in July and was buried in Gray; the other is Edwin S. Russell, who lives on Whitman street. He keeps the press does errands takes care of the building and smelts each week.

Walter C. Smith, son of Daniel Smith, works steady winters but as soon as the spring and summer comes he attends to the "chariot" but returns with the first fall of the snow. He married Vesta Forest daughter of Jim at Norway Lake, and they have three boys, James, Harry and Glendon. Another who has had much use of me is Prince W. Steward of Phillips. He came about fourteen years ago and soon married Addie DeCosta, daughter of Mr. and Mrs. Clarence DeCosta, who is clerk in the Norway Savings Bank. The front office has had its changes during the years. At first Mr. and Mrs. Sanborn attended to all the work, then later D. Cromett Clark was added to the force, later on came reporters, stenographers and bookkeepers. Among the last was Harrington L. Thumner of Plummer Hill, Waterford, who died about 20 years ago, Harry Potter of Mass., Lee M. Templeton of Bradford, Ralph S. Osgood of Lovell, Mass., Walter Chandler of Norway and South Paris, Mrs. Bessie Potter, Elsie Sanderson of Waterford, wife of Frank Wood of Rockland, Verna Nelson of China now dead, Helen McCole of N. B. Anna Brooks of Norway, now living in Auburn, Eula Bicknell, now wife of John Wood of Auburn, Mrs. Hazel E. Conary, wife of Wilfred Conary of Norway, Gladys Starbird of Norway, now employed at Tupper's factory and just but not least Verna Kimball of Albany.

As the moving day arrived I saw I was soon to be disposed of. A truck backed up to the door, strong hands removed my joints again after forty-two years and I was soon out in the world in an auto truck—a new thing to me on my way to Mordock's machine shop to await further disposal. It has been suggested that I be painted up in bright colors and set out on the lawn at Round Pond, Sanborn's Polly, as a monument for the good I have done in the years gone by.

The Aerobell Electric Vacuum Clothes Washer

The wonderful efficiency of the Aerobell is centered around the vacuum cup principle of operation.

An outstanding feature is the improved turning movement of the cups. With this arrangement, the up and down movement of the cups is held vertical and the turning is accomplished at the top of each stroke.

All mechanical parts are completely enclosed, eliminating any possibility of accident or leakage of oil. Non-tarnishable cups, automatic switch and worm gear drive.

SOUTH RUMFORD

Wyman Barn Burned
The large barn on the O. M. Wyman farm, now owned by Chan and Homer Frost, was completely destroyed by fire Friday night about midnight. An automobile and three horses were rescued and Chan Frost was badly burned on his face, arms and hands, trying to lead out the horses but it broke away from him several times and went back into the fire and he barely saved himself. Their large herd of cows were in a yard but a registered bull, a calf and several registered hogs and lots of pigs were burned as were people.

The wind carried the flames away from the house, which is on the opposite side of the road from the barn. There was a small insurance which does not nearly cover the loss.

Mrs. Ira Gammon and little son have come home from the hospital.

Mrs. Eunice Putnam is visiting her daughter, Mrs. Ed. Roberts, at Livermore Falls.

Earl Spaulding has changed his Ford runabout for an Overland.

The Question of Water for Your Country Home

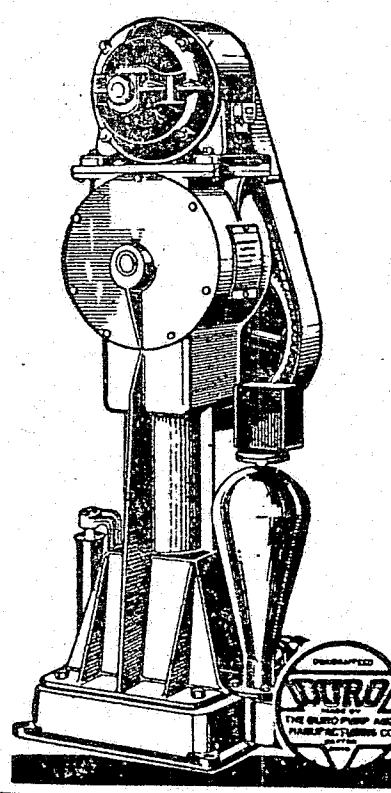

In planning your country home nothing is quite so important as the question of water.

Formerly it was considered sufficient for the farm or country home to have a hand pump or windmill. But now the hand pump and windmill are as obsolete as the old unsanitary outhouse or chemical toilet.

DURO Water Systems

"Just Like City Water Service"

made in many sizes and styles, enable any home anywhere, to have running water under-pressure, all over the house, just like city water service.

Duro systems can be used with deep wells, shallow wells, cisterns or springs. They may be driven from high line current, farm light plant or gasoline engine.

A Duro system is a sound investment—it lessens labor and promotes health and cleanliness. It replaces drudgery and despair with comfort and happiness. And it is also a permanent improvement that adds to the value of your property.

Have your architect or builder ask for an estimate. Specify Duro.

WOMAN AILING FOR A YEAR

Took Lydia E. Pinkham's Vegetable Compound—Happy Results

Newcastle, Pa.—"I was all run-down and everybody thought I was going into a decline. I had been ailing for a year with pains in my right side so that I could hardly stand on my feet. When I walked I felt as if something was falling. I was not able to do any work and had a nurse most of the time. She spoke to me about Lydia E. Pinkham's Vegetable Compound, so I gave it a fair trial. Some women think one bottle should cure them, but I did not stop at that. I took more and got better, and am able ever since to do my own housework. There was a time, when I would complain of not feeling well, that my husband would say, 'Go to the doctor.' But now he will tell me to get a bottle of Lydia E. Pinkham's, and it has always helped me. I have had druggists tell me that they had something better, but they don't tell me that now, for I take no other. I have been taking the Vegetable Compound now for five years. Any woman who cares to call or write, I will be glad to tell her how it helped me."—Mrs. MABEL LIST SHERBORN, 615 Newell Ave., Newcastle, Pa. For sale by druggists everywhere.

RESOLUTIONS OF RESPECT

"His Lord said unto him, Well done thou good and faithful servant: thou has been faithful over a few things, I will make you ruler over many things: enter thou into the joy of thy Lord."
"Passing out of the shadow into a purer light, Stepping behind the curtain getting a clearer sight."
"Passing out of the shadow into eternal day, Why do we call it dying—this sweet going away?"

Another brother has gone from our ranks. Whereas he it resolved in the passing of Brother Cyrus K. Chapman, Sec. 1, Valley Lodge No. 66 I. O. O. F. has lost a charter member, a good friend, and a wise and helpful companion. A man who exemplified in his daily life the teachings and cardinal principles of Odd Fellowship.
Verily he lived among his friends and neighbors in Friendship, Love and Truth. "He has solved it—Life's wonderful problems, The deepest, the strongest, the last— And into the school of the angels. With the answer, forever he passed."

Be it also resolved that a copy of these resolutions be sent to the widow and family, one be sent to the Norway Advertiser for publication and one be spread upon the record, so that our charter be draped for a period of thirty days.

A MAN'S PRAYER

Lord, if one boon alone be granted me, Let me but choose what that one boon shall be; I shall not ask to live 'mid sheltered bliss, In soft security—but only this: Let me be not a coward in the strife That sweeps across the battlefields of life; Let me leave not for others to bear, The burdens that were rightly my share. Let me not whine, nor ever seek to shirk, But cheerfully bear my full load of work. Then, place a friendly shoulder on my load Of one who, fainting, falls beside the road. Let me, oh Lord, be clean and unafraid; Let me go forth to meet life undimmed; Until the final hour of life be ended; Let me walk upright—let me be A MAN! Thus, let me live; that when the day's work is done, I pitch my tent toward the setting sun. Lie down to rest, and from my labors cease, My soul, within its house, shall be at peace! —Exchange.

No man can make others think unless he himself is a thinker.

WILL THE STORK GET US? A story founded on La Fontaine's classic fable tells about a nation of frogs.

They were prospering, living peacefully and having a good time. But there were dissatisfied citizens in Frogland, who wanted a change, not because conditions were bad—but because progress seemed to call for something different. Prayers went up for a new ruler and suddenly one appeared in their midst in the form of a solid, substantial old stump with its protesting strings rising above them.

This did not do at all—it was no great change such as they desired. Prayers were again sent to Heaven and behold, the frogs were sent another ruler in the shape of a stork. As he stood in their midst his crafty eye surveyed the scene and he smiled to himself as he saw what fine pickings he was going to have in the land of frogs. The next thing the frogs knew the sharp bill of the stork was gobbling them up one by one. They had secured a radical change from their old peaceful and safe government under a kind ruler. For some time they were kept busy dodging the stork, but they had brought upon themselves by unwarranted discontent.

The moral is that persons seldom know when they are well off.

The frog story runs closely parallel the dissatisfaction and restlessness manifested in our nation today. We have among us those who would change radically our time-tested and well established system of government, which gives to the individual all possible freedom in thought, action and business, unhampered by restrictive interference with private activity. Our government was founded to offer protection to its people, not to compete with them in business.

For nearly a century and a half we have prospered as no other nation on earth. But we have the dissatisfied frogs with us as of old—they are always crying, they want a change. They would put the government into business. They would restrict or remove the right to private property which has heretofore been considered the dearest birthright of every American citizen. They would make the people exist for the government, rather than the government for the people.

A nation-wide broadcasting system, made up of a series of "superpower" stations joined by radio and covering the United States, sending the same program into every home, is the ultimate solution of the broadcasting question, in opinion of David Sarnoff, vice-president of the Radio Corporation of America.

Mr. R. F. Wiley has returned to her home in Somerville, Mass., after a visit of two weeks with her daughter, Mrs. L. I. Gilbert, and other relatives.

Fred Kilgore is having his house painted by Frank Kimball and helper from South Paris.

Extensive repairs at the Catholic rectory include the removal of the piazza on the southern side and enlargement of rooms upstairs in the el.

About the last remaining landmark locating the remains of the Horne tannery is being removed. The brick and stone block foundation for the engine which furnished power for the tannery is being carted away and the space used for a garden by Fred Noble. In the old days the engine and fire room were some distance from the highway, under modern conditions the Tubbs street line barely grazes the massive foundation blocks.

The water pipe connecting the high school building with Main street is being replaced with a larger pipe.

Daily afternoon practice of the Twin Towers players is attracting many fans to the fair grounds, where the usual singing up is in order. The players have met the approval of the critics and the verdict is favorable.

Geo. H. Downing of Auburn was here Saturday attending to his miniature farm behind the Universalist church. Mr. Downing features tomatoes and harvests generous crops.

Merle Davis returned early this week from a visit at Newell Andrews' in North Waterford. He was accompanied by Charles Andrews, young son of Newell Davis, the boy came home with money he earned while away and immediately commenced to deduct his wealth on the movies and American Legion circus. The fun was worth the sacrifice.

Prof. Zora Klain is spending a short vacation with his parents, Mr. and Mrs. Morris Klain, lower Main street. Prof. Klain just received the Ph. D. degree at the University of Pennsylvania and will teach at Trinity College, Durham, N. C., during the summer. He has been elected to a chair of educational subjects at the University of Rochester, N. Y., and commences his work in the fall.

Many years have passed since he resided in Norway and he is eagerly surprised at the improvements and growth in the village. From shoe cutter to college professor is a long stride but the young man accomplished the task largely through home study with encouragement from friends.

Miss Martha Blaisdell and Miss Alta Parsons, who are attending Gorham Normal school, have been recent guests of Miss Dorothy Newcomb.

Miss Clara Schuer has been a recent guest for a few days of her brother, Emil Hermes, and wife in Turner.

South Paris (Continued from Page 1)

Davis-Doran
Clifford Henry Davis and Gladys LeDore Doran, both of South Paris were united in marriage, Wednesday afternoon, June 18. The ceremony was performed at the home of the bride's parents, Mr. and Mrs. George A. Doran, Western Avenue. Rev. Fred Bannister of the Congregational Church officiated, using the double ring service. Only the immediate families and a few intimate friends were present.

The bride stood under an arch and bell of bridal wreath and lilies of the valley. Lucien F. Davis, brother of the groom, was best man and Zilpha Doran, sister of the bride, was bridesmaid. Molly Davis, acted as ring bearer and Theresa Swan, train bearer. The bride was given in marriage by her father. Alpha Thayer played the wedding march from Lohengrin.

The bride was gowned in white bridal satin with pearl trimmings and pearl crown, and wore her mother's wedding veil of embroidered tulle, which has already served other brides in the family. She carried a shower bouquet of bride's roses and lilies of the valley. The bridesmaid's gown was of electric green organza, and she carried a bouquet of sweet peas.

After the ceremony buffet refreshments were served in the dining room, the color scheme of which was pink and white, with decorations of lilies. The bridal couple left later for an unannounced destination. After their return they will reside at 62 Main Street, where a rent is already furnished for them.

The bride came here with her parents when seven years old and has since resided here. She graduated from the high school in the class of 1921, with honors. She studied music with Mrs. Cora S. Briggs in South Paris, and with Crafts and Hauson in Lewiston, and is still studying, also has a large class of pupils on the piano. She is a member of the Euterpean Club, the Community Club, and the Pythian Sisters.

The groom is the son of Mr. and Mrs. Fred C. Davis of Pine Street. He is a graduate of Fryeburg Academy in the class of 1920. He is employed in the shoe factory at Norway as a cutter. He is a member of the Masonic lodge.

LOOK OUT FOR SELF POISONING

Neglect of the liver results in self poisoning! Not as quickly, perhaps, but just as surely as if you drank poison out of a bottle. If your liver is not doing its work of helping digestion, eliminating waste from the bowels and purifying the blood, you will always be troubled with sick headaches, nausea, biliousness, gas, sour stomach, or constipation.

Cleanse and tone your liver! Put your system in condition so you feel your very best again. Try just a spoonful of Dr. H. S. Thacher's excellent Liver and Blood Syrup after the next few meals and notice the quick improvement in the way you eat, sleep, look and feel, the return of strength, vigor and energy. You will be completely satisfied; otherwise there will be no cost. Dr. Thacher's Liver and Blood Syrup is sold and recommended by the Old Noyes Drug Store, Norway, and leading druggists everywhere.

Smith-Witham
A very attractive home wedding occurred at the home of Mr. and Mrs. John Witham on Depot St., Saturday evening, June 14 when their daughter, Grace Dolores, was united in marriage with Carroll Kenneth Smith of Bridgton. The double ring service was performed by Rev. L. W. Witham under an arch of white lilacs, lilies of the valley and bride wreath. The bride was very lovely in a gown of white georgette crepe with a veil held by lilies of the valley. She was attended by her niece, Celia Payne Witham. The ring bearers were Muriel Smith, niece of the bride, and Ellen Smith, brother of the groom. The groom was attended by his twin brother, Kenneth Smith, as best man.

The decorations were very beautiful and were arranged by the bride's sister, Mrs. C. A. Smith. About forty-five relatives and guests were present at the ceremony and reception which was held at the home of the bride. Ice cream, cake and punch were served and the newly married couple made a fine getaway by secreted cars where they are spending their honeymoon after which Mr. Smith will return to his work at Central Maine, and Mrs. Smith will be employed during the summer at the Lake House.

E. E. Ward has opened two very attractive ice cream rooms in town where S. & H. ice cream is served, as well as soft drinks, cigars, candies and hot lunches with coffee. The store is located in the hall in charge of Mrs. Ward, Mrs. Arthur Smith and Emma Pitts, while "The Cone Shop" in the Ward block next to the A. & P. store is conducted by William Pitts, who has a very interesting stock of goods.

Mr. and Mrs. B. M. Davis are occupying the furnished rent upstairs in the Burnham house, on Main St.

Elsie M. Stevens has been enjoying a two week's vacation from her duties at the telephone office. Margery Burnham was substitute for her.

Mr. and Mrs. Jess Libby spent the week end in Portland and vicinity.

Verona Brown, who has been working the past winter in New Jersey, returned to her home last week. She is now working in West Baldwin for the summer.

Clarence Packard, Lida Harmon of Bates and C. C. Carley of Bowdoin are spending the summer at their homes.

Mr. Packard is employed on the boat, the Murphy Gift Shop in the Ward block, while Mr. Carley is again the genial clerk at Elms Inn.

Friends of Mrs. George Wilbur of Sabbathus, formerly of this village, regret to learn that she is confined to her bed with kidney trouble.

Phyllis Winslow
Phyllis, daughter of Mr. and Mrs. Ernest Winslow, passed away at the C. G. Hospital in Lewiston the past week. She was the elder daughter and was five years old and greatly loved by all who knew her. Death was caused by peritonitis.

The funeral was held at the home of the grandparents, Mr. and Mrs. Samuel Kimball, and burial was at Waterford.

The many friends in town of Mrs. Lillian Billings were saddened to hear of her death last week at Waterford. Mrs. Billings had spent much time with relatives here and was loved by all who knew her.

Mr. and Mrs. Fred Seavey and son, Ernest, of Milton, Penn., are spending a few weeks at the Seavey farm on the Hill. Madame Seavey is still very ill and under the care of a trained nurse.

Dr. C. B. Seavey, daughter, Ruth, and son, Allen, also Miss Matthews, all of Portland spent the week end at their summer home, "The Lodge," in Waterford.

Mrs. Audrey Caruthers and daughter, Laura, of Rumford are occupying the rent of her parents' home at the Seavey farm, who are at Cape Cod for the summer. Mr. and Mrs. Lahti and five children of Rumford spent Sunday with Mrs. Caruthers.

Mr. and Mrs. Ray Lamb and Mr. and Mrs. J. Harvey Pitts and daughter, Elaine, are camping at Camp Owlsley on Crystal Lake.

Susie Littlehale of South Harrison is working for Geo. Flint on High St. Mildred Haynes of Waterford was a guest of her cousins, Celia and Edward Tarbox, last week.

Dorothy Whitney is employed at the Atlantic and Pacific Tea Store. Clara Lewis, who works at B. W. Harmon's spent the week end at her home in South Harrison.

Edward Tarbox recently visited relatives in South Waterford.
